- 25X1B
1. In late December 1950, the new barracks installation in Marcali (Y 4/A 68) quartered a Hungarian rifle unit. A friend of source, a member of the 1930 class, who served with this unit gave [REDACTED] as his address. *
 2. Source learned from a refugee that a unit with [REDACTED] was stationed in Marcali prior to 26 October 1950. The refugee's son, a member of the 1930 class, was inducted into this unit on 26 October 1950. 25X1B
 3. An acquaintance of source reported for active duty at the barracks installation on Robert Karoly Ring, Budapest XIII, on 23 October 1950. While on furlough in December 1950, he wore red service color with white piping and stated 25X1B that he served with an AAA unit which had [REDACTED] **
 4. Another acquaintance of source, a member of the 1930 class, was inducted into an AVH unit in Szeged (Y 7/T 17) on 23 October 1950, but was discharged as physically unfit. He stated that the personnel of the AVH unit wore blue service color.
 5. A resident of Magyarlak, a member of the 1930 class, served with an AAA unit in Pestszentlörinc (Q 48/H 61) in late December 1950. He wore red service color with white piping. ***
 6. In mid-October 1950, four soldiers who were assigned to an air observation post in Farkasfa (Y 3/Z 71) stated that a new barracks installation between Farkasfa and Szalafoc (Y 3/Z 81) was occupied by a border guard unit.

25X1C Comment. Infantrymen were observed in Marcali as early as September 1950. 25X1A

25X1C Comment. In addition to a motorized infantry unit, this barracks installation, in March 1951, quartered a motorized artillery battalion which 25X1A is probably the AAA unit mentioned in the present report. [REDACTED]

25X1C Comment. An artillery unit was reportedly stationed in Pestszentlorinc in September 1950. 25X1A
